

LAB TESTS ONLINE^{UK}

Your Trusted Guide

Peer Reviewed • Non-Commercial • Patient Centred

Lab Tests Online-UK is a FREE, non-commercial website developed and updated by voluntary NHS laboratory professionals which aims to increase patient understanding of laboratory tests empowering them to become active partners in their own healthcare.

It provides:

- detailed descriptions of tests
- descriptions of illnesses, cross-referenced to relevant tests
- news on advances in laboratory testing
- links to other free internet services that can help answer questions about your health and treatment
- a mobile friendly design

Use the information on Lab Tests Online-UK to be better informed about your tests and your health care

labtestsonline.org.uk

- 1) Use the tick boxes to select the tests your doctor has requested, if a test is not listed here, just write it on the blank lines
- 2) Look up the tests on our website at **labtestsonline.org.uk**
- 3) Learn more about why the test has been requested and what the results mean.
